

GENIOBITS

Dear Tejas Sawant,

Zeal College of Engineering & Research.

I hope this message finds you well. I am writing to provide you with feedback on your recent internship in frontend web development with our company. Overall, I want to express my appreciation for your hard work and dedication during your time with us.

Strengths:

1. Technical Skills: Your proficiency in frontend web development was evident throughout the internship. You demonstrated a strong understanding of HTML, CSS, and JavaScript, and were able to effectively apply these skills to create visually appealing and functional websites.

2. Problem-Solving Abilities: You exhibited excellent problem-solving skills when faced with challenging tasks. Your ability to analyze issues, break them down into manageable parts, and find creative solutions was commendable.

Areas for Improvement:

1. Communication: While you were proficient in technical skills, there were instances where your communication could have been more effective. It would be beneficial for you to work on expressing your ideas clearly and concisely, both verbally and in written form. This will help ensure that everyone on the team understands your contributions and ideas.

2. Time Management: There were a few occasions where you struggled with managing your time effectively, leading to missed deadlines or rushed deliverables. It's important to prioritize tasks, set realistic goals, and manage your time efficiently to ensure timely completion of projects.

Thank you once again for your contributions and commitment to your internship. We appreciate the time and effort you invested in our projects.

Best regards,

Imran Kabir
